Dear LMI Canada:
c/o Frank Kreze

I would like to take this opportunity to share my results and the difference the LMI process has made to me personally and organizationally.

The Effective Productivity Program has helped me plan and organize my time more efficiently by using the My Time planner, improved my communication with my team through the weekly lessons and built a stronger sense of commitment to my job and organization by results of the program. During the development period with LMI Canada, I have many goal achievements to be proud of.

Many of my departments business goals have improved. For example:

- ❖ Material Efficiency improved from 66% to reach 97%
- ❖ Line Time Efficiency improved from 72% to 81%

Personal Goals Achieved:

- ❖ New role as the production supervisor of an entire production line
- ❖ Self-awareness as a leader through the LMI process
- ❖ Increase in family relationships by setting goals and being intentional and held accountable.

I would highly recommend LMI Canada's Programs and Process to anyone who is looking for the edge in their business and personal life.

Sincerely,

Adam Churchman
